Build confidence and consistently refine as your trading game.

## Frequently asked questions

### Still have questions?

Can't find the answer you're looking for? Please chat to our friendly team.

Chat

- **Does TradeChainly trade for me?**
  No, TradeChainly is not a trading platform. You execute trades on your preferred crypto exchange, then transfer the data into TradeChainly to track and analyze your trading performance.
- **How will TradeChainly help me as a trader?**
  TradeChainly follows a trader-first approach. Every feature is built around our core philosophy: "How will this feature help traders?" With simplicity, ease of use, and automation at the forefront, you can start using it immediately.
- **How secure is TradeChainly?**
- **Can I cancel my subscription?**
