#### ✖ Does TradeChainly trade for me?

No, TradeChainly is not a trading platform. You execute trades on your preferred crypto exchange, then transfer the data into TradeChainly to track and analyze your trading performance.

#### ✖ How will TradeChainly help me as a trader?

TradeChainly follows a traders-first approach. Every feature is built around our core philosophy: how will this feature help traders? With simplicity, ease of use, and automation at the forefront, you can start using it immediately.

#### ⊕ How secure is TradeChainly?
